

WEED CONTROL FIBER MAT

Relative Installation Cost	Moderate/High
Life Cycle Cost	Low
Maintenance/Repair Cost	Low
Effective Longevity	High
Installation	Easy
Repair	Easy
Maintenance	Easy
Retrofit	Moderate

Description: Mats consisting of synthetic polyester fibers made from recycled drink bottles

Applications:

- Guardrail
- Sign Post
- Median Cable Barrier

Advantages:

- Can be used in most climate conditions
- Uses standard installation/maintenance equipment
- Allows for storm water infiltration
- Fire retardant
- Variable width rolls to 6 feet
- Not subject to UV degradation

Limitations

- Requires leave out at ground penetrations that are sealed with caulk
- Subject to damage from wind, mowers, snow removal equipment

Common Problems:

- Displacement by errant vehicles and maintenance equipment
